Dear Rideau Park School Community:

I am honoured and excited to be joining the educational community of Rideau Park School this fall as your new Principal. A commitment to collaborative leadership and authentic conversations are two qualities that I will bring to the school in supporting the holistic development of our students and the professional capital of our staff. My experience spans elementary and middle school level education in the province of Alberta, most recently as Principal of Calgary Girls' School. Academically, I completed my Bachelor of Education in elementary education at the University of Alberta, my Master of Education in Leadership and Technology at the University of Lethbridge and I am currently a Doctoral student at the Werklund School of Education, University of Calgary.

My husband Keith and I love sharing our time with our four adult children, their spouses, partners, and pets. We can often be found biking the trails of Calgary, or getting some mountain air on the ski slopes.

I believe that strong personal relationships are at the core of exemplary schooling and I am looking forward to learning about the Rideau Park educational community, understanding your hopes and dreams as partners in learning and discovering how I might best support all members of our community to continue our motto of Always Forward, Never Backward.

Students, staff, and parents, I am excited to meet you all!

My best wishes for a restful, safe, and enjoyable summer.

Thank you,

Judi Hadden
