**Farewell to Mr. Baldwin**

We are sorry to see Mr. Baldwin leave us this week but wish him all the best in his new position as Principal at Central Memorial High School. We welcome Ms. Reed as our Interim Principal. Ms. Reed has agreed to come out of retirement until our new Principal is announced.

**Grades 6 and 9 Outdoor School Parent Meetings**

Grade 6 and 9 Outdoor School parent meetings will take place next week. These meetings are mandatory for parents or guardians of all students attending either of these camps (this will be almost every grade 6 or 9 student). We will keep the meetings as brief as possible.

**New Area Boundaries**

The CBE has reconfigured the number of administrative Area offices from five to seven effective April 3, 2017. This change was made to address the need for more responsive supports to school instructional leaders and learning teams, which in turn support student success. In this new service model Areas are no longer defined by geographical boundaries. Instead, the CBE has adopted a “feeder school” model to ensure continuity of support for students and families from kindergarten to Grade 12.

Area offices provide leadership support to principals and teachers to improve instruction and student achievement. They also provide timely support to their schools, families and communities, help deliver system services to schools, support principals in school operations and ensure effective collaboration amongst schools.

Sir Wilfrid Laurier School is now part of Area 4 and our area office is located at:

**Marlborough Centre**

4711 Maryvale Drive NE
