PD DAY FRIDAY OCTOBER 9TH 2009 SCHOOL RENEWAL

SCHOOL DEVELOPMENT PLAN: ACTIONS & PRIORITIES

“Placing Students for Success”

English PLC: Students will achieve greater academic success in support of their personalized learning pathway and career direction through appropriate course placement.

Social PLC: Students will improve their higher level thinking skills, specifically interpretation and inference abilities, to analyze multiple sources of information to achieve increased academic success.

Math PLC: Students in all math streams will achieve greater success when course placement is for optimal achievement.

Science PLC: Students will have greater success in meeting their personalized learning goal through a broader range of choice of courses including Science 10, Science 20, Science 30, Biology 20 AP, Biology 30AP, and Chemistry 20AP.

Visual Art PLC: Students will utilize D2L to enhance their learning experience through virtual technologies, assessment for learning including self reflection and critical feedback, and capturing artifacts in electronic portfolios for future application.

THE MANNING ADVANTAGE

Our students are among the best in the world and strive to attain excellent results. They consistently achieve above the provincial average on diploma exams and are recipients of numerous scholarly awards. We have a proud tradition of delivering strong academic programs augmented by alternative instructional programs. While embracing our past, we also look ahead to ensure our 21st Century Graduates are well prepared. Enhanced technologies such as SMART-boards, virtual learning environments and digital archiving are tools we incorporate into our programs to ensure our students are well positioned into post secondary institutions and career choices.

We believe our students need to become citizens who are both informed and involved; who possess the character to do what is ethically right; and achieve their highest personal potential. Therefore, we aim to create an environment that allows students to excel, to be contributing citizens and to be well prepared to advance in the world of work and the ever changing world around them. At Ernest Manning High School, we encourage the growth and development of these beliefs in our students by preparing them for responsible participation in their both local and global communities.

Ernest Manning High School is known for its' personal touch and full array of activities. There is a dedicated atmosphere to foster learning, growth and development of the whole student. Athletics plays a major role in the day to day activities at Manning. All interschool athletic programs are offered. Griffin Fund athletic scholarships are awarded yearly for Manning students pursuing post secondary education. Fine Arts is also an integral part of Manning and standards of excellence are sought in all performance aspects.
