

Area IV High School CTS Offerings for 2012-2013

- **New for 2012, contingent upon completion of construction***

CTS Cluster	CTS Occupational Area/Pathway	Brief description of course (who would it be suited to, recommended for)	Level (Introductory, Intermediate, Advanced) (Exploratory, Specialized, Credentialed)	Location	Career possibilities And web-links
BIT	Computing Science: Computer Science	Introductory foundation course for all students leading to subsequent Intermediate Computer Science pathways. Combines basic career and computer skills with an introduction to computer science. Further course work will support students as they continue to develop mastery of advanced concepts of computers and programming	Introductory, Intermediate, Advanced, Exploratory	Ernest Manning Western Canada, CT Centre*	Computer Applications Engineer, Computer Programmer, Database Manager, Interactive Media Developer, Software Engineer. www.cbectstrategy.ca
BIT	Computer Science: Robotics & Artificial Intelligence Path	For students that want a tie in with Engineering Robotics and Automation Courses	Intermediate Exploratory and Specialized	Ernest Manning, CT Centre Western Canada	Computer Applications Engineer, Computer Programmer, Database Manager, Interactive Media Developer, Software Engineer. www.cbectstrategy.ca
BIT	Computer Science: Software Development Path	Most Challenging Path- leads to acceptance as a third Science for University entry in Alberta,	Intermediate Exploratory and Specialized	Ernest Manning	Computer Applications Engineer, Computer Programmer, Database Manager, Interactive Media Developer, Software Engineer. www.cbectstrategy.ca
BIT	Computer Science: Web Development Path	For students that want a tie in with the Digital Media (Communications courses)	Intermediate Exploratory and Specialized	Ernest Manning, Western Canada	Computer Applications Engineer, Computer Programmer, Database Manager, Interactive Media Developer, Software Engineer. www.cbectstrategy.ca
BIT	Enterprise & Innovation: Entrepreneur-Ship	This course provides students with the opportunity to apply business concepts in a business venture. The concepts developed in the Introductory and Intermediate CTS Business Levels are followed through in these courses. Video advertising is introduced allowing for students to develop skills and interests in a different medium of advertising.	Advanced	Western Canada	Broker, Company President, ,Inventor, Investment Analyst, Venture Capitalist www.cbectstrategy.ca
BIT	Enterprise &	For students more interested in Business Applications in	Introductory Exploratory	National Sport School	Computer Applications Engineer,

	Innovation:Information Technology	Information Technology	Only		Computer Programmer, Database Manager, Interactive Media Developer, Software Engineer. www.cbectstrategy.ca
BIT	Financial Management	Students learn the foundation of accounting and its application for businesses. Further course work involves specialized areas of study. Good foundation for post-secondary accounting/business programs.	Introductory , Intermediate, Advanced	Western Canada	Chartered Accountant, Financial Advisor, Mortgage Broker, Payroll Clerk, Retail Store Manager, Tax Lawyer www.cbectstrategy.ca
BIT	Financial Management: CTS BUSINESS	Provides students with the opportunity to explore basic business concepts including business organizations, marketing, advertising, business opportunities, e-Commerce and tools for making business decisions. Students have the opportunity to go through stages of <i>creating</i> a venture in groups: a hands-on project. Further course work provides more detail and specifics of the business world.	Introductory. Intermediate	Western Canada	Chartered Accountant, Financial Advisor, Mortgage Broker, Payroll Clerk, Retail Store Manager, Tax Lawyer www.cbectstrategy.ca
BIT	Marketing and Management: Business Basic Pathway	This pathway would be suited for students who enjoy planning events for family and friends, find themselves wanting to improve television ads and websites or would like to have a career designing 2D and 3D promotional materials.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area.	CT Centre* Western Canada	Advertising Director, Consumer Products Designer, Display Designer, Graphic Designer, Marketing Director, Office Manager www.cbectstrategy.ca
BIT	Networking: IT Essentials Networking Path	for students seeking career in network/IT Technology -links to proposed Cisco/Networking courses at the CTC	Introductory and Intermediate Exploratory and Specialized	Ernest Manning Western Canada	Communications Electrician, Internet Website Technician, Network Administrator, Systems Analyst, Telecommunications Analyst, Telecommunications Contractor www.cbectstrategy.ca
MDC	Communication Technology	Students who want to be engaged in all aspects of the design process for producing on line products, cutting edge digital video techniques and graphic design with a focus on two-dimensional printed graphics.	Introductory, Intermediate and Advanced We offer Exploratory and specialized	Central Memorial, CT Centre *	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Computer Animation Pathway	This pathway is part of the Communication Technology area and would appeal to students who like to create and edit photos and videos, enjoy creating effective ways to communicate a specific message and like using technology	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's	Central Memorial, CT Centre* Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, videographer, web Designer, wildlife Photographer

		to communicate.	interest in the area.		www.cbectstrategy.ca
MDC	Communication Technology: Digital Media	For all students, articulates with Computer Science Web path.	Introductory, Intermediate, Advanced Exploration, Specialized	Central Memorial Ernest Manning, Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Digital Media: Visual Arts/AP Path	For Visual Arts/AP Students	Introductory, Intermediate, Advanced Exploration, Specialized	Central Memorial Ernest Manning	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Film Production/Video Animation		Introductory, Intermediate, Advanced Exploration, Specialized	Central Memorial Ernest Manning, Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Media Arts	Learn the basics of each type of media (print, video, photography, animation and graphics) and the software (Adobe Photoshop, Illustrator, Premier, Flash, InDesign and iMovie) that produces it and then use your knowledge to produce multimedia pieces to informing, entertaining and persuading your audience. Intermediate level builds on the basic design skills and explores a deeper understanding. Advanced level course provides an opportunity to refine media production skills through project work.	Introductory, Intermediate, Advanced	Central Memorial National Sport School, Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: New Media and Digital Design 2D and 3D design	Introduces students to the use of graphic tools, visual composition, and web design. The course uses a project approach for personal, in-depth exploration of new media communications. New Media communications technology courses geared towards exploration and discovery in a personalized environment. Students will specialize in: • 3D Animation	Introductory, Intermediate, Advanced	Central Memorial Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca

		(Modelling and Animation) • Movie Making (Film Production) • Photography (Digital Photography) • Graphic Design (print and web)			
MDC	Communication Technology: Photography	For all other students	Introductory, Intermediate, Advanced Exploration, Specialized	Central Memorial Ernest Manning, Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Photography Visual Arts/ Pre-AP Path	For Visual Arts and or AP Students	Introductory, Intermediate, Advanced Exploration, Specialized	Central Memorial Ernest Manning	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: Photojournalism Pathway	This pathway incorporates photography, media, electronic layout and publishing and journalism courses which allow students to produce effective communication methods to produce a specific message through the use of technology.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area.	Central Memorial CT Centre* Western Canada	Computer Animator, Graphic Designer, Magazine Publisher, Script Writer, Videographer, Web Designer, Wildlife Photographer www.cbectstrategy.ca
MDC	Communication Technology: 3D Design and Animation Path	3D Design and Animation: for students interested in Engineering, Industrial Design and Virtual Film and Game	Intermediate: Exploratory and Specialized Advanced – Exploratory and Specialized	Central Memorial Ernest Manning, Western Canada	Aircraft Engineer, Architect, Draftsperson, Industrial Designer, Interior Decorator, Landscape Architect www.cbectstrategy.ca
MDC	Communication Technology: Web Design		Introductory, Intermediate, Advanced	Central Memorial	Web Designer
MDC	Design Studies	Students interested in the area of Industrial and Virtual Design and/or Architectural design. Explore the world of design– architectural, environment, industrial, and interior. Learn basic sketching and rendering techniques, computer aided design (CAD) software and 3D modeling and creates and present a variety of designs based on specific client details. Further work involves	Introductory, Intermediate and Advanced Industrial and Architectural Design. Exploratory, specialized and credentialed (AutoCad)	Central Memorial Ernest Manning, National Sport School Western Canada	Aircraft Engineer, Architect, Draftsperson, Industrial Designer, Interior Decorator, Landscape Architect www.cbectstrategy.ca

		detailed study of design problems for architecture, interior, landscape and engineering. . Students learn the process of developing and communicating design solutions using traditional drafting methods and industry relevant software. Intermediate Design Studies expands on basic home design and commercial buildings. Advanced Level Design Studies deals with residential design, industrial design and modelling building. . Students will use skills from previous levels to work on self-selected projects in either industrial or building/structural design field. At Central Memorial, Ernest Manning, Western Canada, residential design students will have the opportunity to enter the Calgary Region Home Builders Association, Student House Design Competition in Advanced Level.			
MDC	Design Studies: Pre-Architecture	-for students interested in Residential and Commercial Architecture, Interior Design, Environmental Design and Urban Planning	Intermediate: Exploratory and Specialized Advanced – Exploratory and Specialized	Central Memorial Ernest Manning , Western Canada	Architect, Interior Designer, Landscape Architect, Draftsperson, Urban Planner Environmental Designer www.cbectstrategy.ca
MDC	Design Studies: 3D Design	For students interested in Industrial Design, Engineering Design, 3D Gaming and 3D Virtual Film	Intermediate: Exploratory and Specialized Advanced – Exploratory and Specialized	Central Memorial Ernest Manning	Digital Video and Film Director, Multimedia and Video Game Designer, New Media Designer www.cbectstrategy.ca
MDC	Fashion Studies	This program would appeal to those students who like to express their own personality by designing and creating their own clothes. If you appreciate and want clothes that fit perfectly and watch all the latest fashion trends looking for new clothing and accessories, then this course is for you.	Introductory, Intermediate, Advanced Exploratory and Specialized	Ernest Manning Central Memorial	Wardrobe consultant, Fashion Designer, Seamstress, Costumer, Fashion Illustrator, Textile Designer www.cbectstrategy.ca
MDC	Fashion Studies/Esthetics/ Cosmetology: Fashion Esthetics and Theatre Arts	This is an introductory cross-cluster course that provides pathways in Fashion (Sewing and Design), Cosmetology and Esthetics in the context of the performing arts. This is intended as a personalized or exploration career pathway program.	Introductory Exploratory and Specialized	Ernest Manning	Wardrobe consultant, Fashion Designer, Costumer, Fashion Illustrator, Theatre Make-Up Artist, Theatre Technician www.cbectstrategy.ca
TMT	Construction: Cabinet Maker Path	For students interested in pre-req skills for the Construction Industry	Introductory, Intermediate, Advanced Exploratory, Specialized	Central Memorial Ernest Manning (Introductory and	Cabinet Maker, Carpenter, Construction Worker, Framar, Home Builder

				exploratory only at Ernest Manning)	www.cbectstrategy.ca
TMT	Construction: Construction Technology	Students interested in Construction Technology. Frame construction	Introductory, Exploratory, Specialized	Central Memorial Ernest Manning	Cabinet Maker, Carpenter, Construction Worker, Framar, Home Builder www.cbectstrategy.ca
TMT	Electro-Technology	This course will introduce students to soldering, electro-assembly (project building), electrical conversion and distribution, digital electronics and various real world applications such as sound systems and amplifiers. Extensive practical work from each of the modules will be undertaken. Intermediate and Advanced level courses provide for more in-depth applications such as construction of circuit boards, to be used for building electronic projects, advanced digital technology, investigating various types of motors and an in depth study of analog communication	Introductory, Intermediate, Advanced	Western Canada	Cable Installation Supervisor, Electrical Contractor, Electrical Draftsperson, Electrical Engineer, Electrician, IT Technician, Telecommunications Supervisor www.cbectstrategy.ca
TMT	Electro-Technologies: Mechanical, Structural and Energy Systems Design Path	Ties in with Pre-Engineering at the CTC (Design, Fabrication, Construction and Manufacturing Tie In)	Introductory, Intermediate, Advanced Exploratory and Specialized	Central Memorial Ernest Manning, Western Canada	Cable Installation Supervisor, Electrical Contractor, Electrical Draftsperson, Electrical Engineer, Electrician, IT Technician, Telecommunications Supervisor www.cbectstrategy.ca
TMT	Electro-Technologies: Pre-Engineering	In consultation with an Engineer / Teacher, students develop a self-paced plan of study from a menu of up to 19 single credit courses at the introductory level and 61 credits at the intermediate level	Introductory, Intermediate, Advanced	CT Centre	Cable Installation Supervisor, Electrical Contractor, Electrical Draftsperson, Electrical Engineer, Electrician, IT Technician, Telecommunications Supervisor www.cbectstrategy.ca
TMT	Electro-Technologies: Robotics and Automation Path	Ties in with Pre-Engineering at the CTC and with Robotics AI at EM High (Electrical, Electronics, and digital Control tie in)	Introductory, Intermediate, Advanced Exploratory and Specialized	Ernest Manning	Cable Installation Supervisor, Electrical Contractor, Electrical Draftsperson, Electrical Engineer, Electrician, IT Technician, Telecommunications Supervisor www.cbectstrategy.ca
TMT	Fabrication: Welding	Students are introduced to the metal trades. These skills are used in the production of small projects designed to meet curriculum standards. At the intermediate /advanced	Introductory, Intermediate, Advanced / Exploratory, Specialized, Credentialed	CT Centre	Boilermaker, ironworker, Combination Welder, Metal Sculptor, Drilling rig Welder, Heating, Ventilation & Air

		levels, students focus on perfecting of hand skills and the acquisition of theoretical knowledge to be applied to a variety of weld tests and practical projects. Students will be engaged in a rigorous practical and theoretical program designed to prepare them to challenge the first-year apprenticeship exams.	(First Period Pre-Apprentice Education)		Conditioning (HVAC) www.cbectstrategy.ca
TMT	Industrial Design Path	For students interested in Design Structural Engineering and Construction Ties in with Design Studies and Engineering Design	Intermediate, Advanced Exploratory, Specialized	Central Memorial Ernest Manning, Western Canada	
TMT	Logistics: Logistics/ Inventory Management	Students who are detail oriented, love to solve problems and organize everything would enjoy this pathway. Careers in this area are varied and plentiful. Courses include traffic and transportation, purchasing, warehousing and distribution and inventory management.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area.	CT Centre	Courier, Customs Broker, Foreign aid worker, International Freight Forwarder, Trade Show Coordinator, Truck Driver, Warehouse Manager www.cbectstrategy.ca
TMT	Mechanics	Provides an opportunity to learn and practice basic skills used in the auto service industry.	Introductory, Intermediate and Advanced We offer exploratory and specialized	Central Memorial	Aircraft Maintenance Chief, Auto Body Shop Owner, Small engine Repair, Truck & Transport Mechanic www.cbectstrategy.ca
TMT	Mechanics: Autobody	At the introductory level, student work on vehicle panels. At the intermediate level, students begin to repair customer vehicles and focus on projects that develop autobody refinishing skills. At the advanced and credentialed level, students repair customer vehicles while focussing on skill development related to finishing work.	Introductory, Intermediate, Advanced Exploratory/ Credentialed (First Period Pre-Apprentice Education)	CT Centre	Aircraft Maintenance Chief, Auto Body Shop Owner, Small engine Repair, Truck & Transport Mechanic www.cbectstrategy.ca
HRH	Community Care Services	Student in taking these courses would enjoy working with people and building relationships and caring for the needs of others. The programs are varied and could include pathways to Health Care Aide, Child Development Assistant or Geriatric care.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area.	CT Centre*	Camp Counsellor, Day Care Worker, Hospital Aide, Occupational therapist, Respite Care Worker, Teacher www.cbectstrategy.ca
HRH	Cosmetology: Cosmetology / Hairstyling	Students follow an intense curriculum that includes hair cutting, styling, colouring, highlighting, up-dos, hair extensions, business, and client retention classes. Involves students selecting 10 credits from the first and/or second period apprentice strand.	Introductory / Credentialed Intermediate / Credentialed Advanced / Credentialed (First and Second Period Pre-Apprentice Education)	CT Centre	Barber, Beauty Salon Owner, Hair Colour Technician, Hairstylist, Wig Stylist www.cbectstrategy.ca
HRH	Foods: Cook Apprentice Pathway	Students in this pathway have chosen to make their career as a Chef as they create and develop recipes and dishes which appeal to a wide variety of palates. Students would	Courses would be at the advanced/credentialed level with the intent to pass the	Central Memorial CT Centre*	Bed & Breakfast Operator, Café Manager, Cake Decorator, Caterer, Cook/Chef, Pastry Chef, registered

		be given the opportunity to write the first year apprenticeship exam and may receive advanced standing at SAIT should they consider enrolment in the Culinary Arts program.	apprenticeship exam for Cook Apprentice.		Dietician www.cbectstrategy.ca
HRH	Foods: Culinary Arts	Provides Intro level for students wishing to seek the Cook Apprentice at the CTC or continued exploration at Manning. This program is designed for students who are interested in the food service industry and/or would like to learn how to cook for themselves and others.	Introductory, Intermediate, Advanced Exploratory and Specialized, Credentialed	Central Memorial Ernest Manning CT Centre*	Bed & Breakfast Operator, Café Manager, Cake Decorator, Caterer, Cook/Chef, Pastry Chef, registered Dietician www.cbectstrategy.ca
HRH	Foods	Students new to the Foods program will begin their Foods study from the introductory level of the curriculum. The courses include: Food Basics; Contemporary Baking; Milk Products and Eggs; Vegetables and Fruits; Grains, Legumes, Nuts and Seeds. Intermediate and Advanced level courses include Cake and Pastry, Soups and Sauces, food presentation Creative Baking and other areas of study.	Introductory, Intermediate, Advanced	Central Memorial Western Canada	Bed & Breakfast Operator, Café Manager, Cake Decorator, Caterer, Cook/Chef, Pastry Chef, registered Dietician www.cbectstrategy.ca
HRH	Legal Studies	Students who would like to develop skills, attitudes and knowledge required to respond appropriately to the impact of law in our daily lives.	Introductory, Intermediate and Advanced Exploratory	Central Memorial Western Canada	Attorney-at-Law, Court Clerk, Law Partner, Paralegal, Police Officer www.cbectstrategy.ca
HRH	Recreational Leadership: Sports Med	This course is for those students who are interested in working as student trainers with one of the school's athletic teams. The program will cover basic first aid, CPR, anatomy and physiology, correct methods and procedures of injury assessment, taping and treatment, the care and use of equipment used in sports medicine areas and efficient running of a training room including record keeping and supply inventory. Students are required to spend 15 hours with a school sports team doing training duties and will be trained in basic first aid and CPR. Intermediate and Advanced courses include advanced training, practicum experience and content.	Introductory, Intermediate, Advanced	Central Memorial Ernest Manning, Western Canada	Athlete, Athletic Therapist, Certified personal Trainer, coach, Lifeguard, Physiotherapist, Teacher www.cbectstrategy.ca
HRH	Recreational Leadership: Sport Performance	Sports Performance is a physically intense course intended to help students reach their athletic potential. Students will work to improve their speed, power, agility, flexibility, endurance and core stability. Students will participate in a variety of fitness programs designed to emphasize the	Introductory Intermediate, Advanced,	Central Memorial Western Canada	Athlete, Athletic Therapist, Certified personal Trainer, coach, Lifeguard, Physiotherapist, Teacher www.cbectstrategy.ca

		attributes needed for their sport. Students will also explore topics related to sport performance including nutrition, sport psychology, training techniques and current trends in the fitness and sport development industry.			
HRH	Recreational Leadership: Team Leadership/PE 30	Physical Education 30 Leadership is a full year course that blends a leadership class with a PE 30 course. Students will receive 10 credits for the year; 5 for the PE30 component and 5 for the Leadership component. Students will participate in the same activities as offered in the regular PE30 course, with the addition of a leadership hostelling trip in the Kananaskis, and a camping trip to Jarvis Bay (Sylvan Lake). For the leadership component, students will be working through Jeff Jansen's book "The Team Captain's Leadership Manual" in a class setting and they will engage in practical projects that help to develop and challenge their leadership capacity. They will get the opportunity to engage in leadership projects such as: running tournaments, helping to develop the school's athletic website, writing articles for the school newspaper and organizing athletic pep rallies, to name a few. This is a dynamic class for students who love to participate in physical activity all year and want to develop their leadership capacity in an athletic setting.	Introductory/ Intermediate	Western Canada	Athlete, Athletic Therapist, Certified personal Trainer, coach, Lifeguard, Physiotherapist, Teacher www.cbectstrategy.ca
HRH	Tourism: Event Management Pathway	This pathway would appeal to students who are interested in learning about other cultures and meeting new people as well as planning and organizing events. Courses could include tourism, guest services, the food and beverage, accommodation and travel industry and meetings and conferences.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area.	CT Centre*	Airline Steward, Bartender, Concierge, Cruise Director, Event Coordinator, Maitre d'hotel, Travel Agent, Tour Guide www.cbectstrategy.ca
NAT	Environmental Stewardship: Ecology and Conservation Pathway	Students who are interested in Environmental Stewardship including taking care of our planet, likes animals and plants and would like to help make a positive change to Alberta's environment would enjoy this pathway. Courses could include consumerism, natural resources, environmental ethics, energy conservation, health and safety and waste and water management.	Incorporates introductory, intermediate and advanced level courses to form a pathway aimed at student's interest in the area. Students can follow Forestry and Wildlife options as well in this pathway.	CT Centre*	Botanist, Ecologist, Wildlife Biologist, Land Management Specialist, Rangeland Agrologist www.cbectstrategy.ca
NAT	Environmental Stewardship: Environmental	Students who are interested in Environmental Stewardship including taking care of our planet, likes animals and plants and would like to help make a positive change to Alberta's	Incorporates introductory, intermediate and advanced level courses to form a	CT Centre*	Botanist, Ecologist, Wildlife Biologist, Land Management Specialist, Rangeland Agrologist

	Studies	environment would enjoy this pathway. Courses could include consumerism, natural resources management, sustainable building design and construction and environmental politics.	pathway aimed at student's interest in the area.		www.cbectstrategy.ca
NAT	Primary Resources: Petroleum Engineering	For all students	Introductory, Intermediate Exploratory and Specialized	Ernest Manning	Assayer, Diamond Miner, Geologist, Mudman, Petroleum Drilling, Seismic Technologist www.cbectstrategy.ca
NAT	Environmental Stewardship: Pre-Geologist	For all students	Introductory, Intermediate Exploratory and Specialized	Ernest Manning	Botanist, Ecologist, Wildlife Biologist, Land Management Specialist, Rangeland Agrologist www.cbectstrategy.ca
NAT	Wildlife: Outdoor Pursuits	Outdoor Pursuits is a course designed for students interested in exploring human powered outdoor activities. Students will gain wilderness experience and environmental awareness along with an opportunity for certification in Wilderness First Aid (24hrs) and Avalanche Skills Training Level 1 (16hrs). Students will have the chance to learn through experience as multiple multi-day trips and day excursions make up a significant portion of this course.	Intermediate and Advanced Exploratory and Specialised (Credentials Available)	Ernest Manning	Conservation Technician, Environmental Biologist, Fish & wildlife Officer, Outfitter, Park Ranger, Provincial Big Game Specialist www.cbectstrategy.ca
