

# New School Name (Ernest Manning)

---

The Calgary Board of Education's (CBE) Board of Trustees have unanimously approved the recommendation that the Ernest Manning High School name be transferred to the new West Calgary High School, which is expected to open in fall 2011.

The existing Ernest Manning High School, located at 3600- 16th Ave. S.W., will close when the new high school opens. The original school is closing to make way for the expansion of the West LRT.

After collecting and reviewing input from more than 2000 students, parents, staff, alumni and community members, it became clear the majority of respondents overwhelmingly favoured the existing name. Based on this feedback, the School Naming Committee put forth the recommendation to keep the name of Ernest Manning High School.

The name of the existing Ernest Manning High School will officially be transferred to the new school being constructed at 69th Street and 17th Avenue S.W. upon closure and cessation of operations of the existing school. In the interim, the new school will continue to be referred to as the West Calgary High School during construction and through the transition.
